

ABOUT US

Nepal National Single Window (NNSW), is a World Bank funded Project, led by the Webb Fontaine Group, a world leader in implementing trade facilitation systems and solutions designed to simplify border processes, minimize time and cost for trade community and ensure safe and secure trade. The project will set up a portal linking all relevant stakeholders from Government Agencies and traders.

The Department of Customs and over 42 Other Government Agencies and Stakeholders involved in Nepal's international trade supply chain, have collaborated to ensure this solution will meet the needs and expectations of Nepal for prosperity and progress.
