

ABOUT US

Nepal National Single Window (NNSW), is a World Bank funded Project, led by the Webb Fontaine Group, a world leader in implementing trade facilitation systems and solutions designed to simplify border processes, minimize time and cost for trade community and ensure safe and secure trade. The project will set up a portal linking all relevant stakeholders from Government Agencies and traders.

The Department of Customs and over 42 Other Government Agencies and Stakeholders involved in Nepal's international trade supply chain, have collaborated to ensure this solution will meet the needs and expectations of Nepal for prosperity and progress.

HOW TO TRACK MY LPCO

STEPS

For Web Application

1. Login to the NNSW application. On the home page, click on Online tracking and then click on **License, Permit, Certificate & Others**.

2. Use the search filter or just click on the search button to view list of all the submitted LPCO applications.

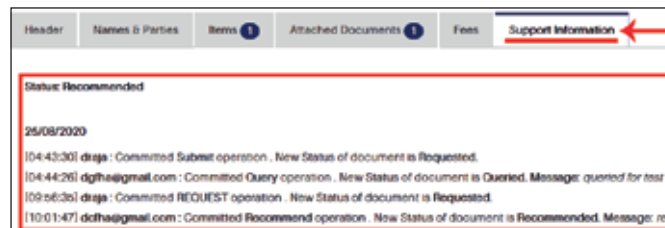

You can also use the search filter options like Status, Type of LPCO, Reference number & others to narrow down your desired search result.

3. Click on the **eye icon** to view details of the selected LPCO application.

	Status	Type of LPCO	User Reference Number	Request Number
	Pending Payment	903	DRJ202971	
	Pending Payment	903	DRJ202968	
	Pending Payment	903	DRJ201184	
	Pending Payment	902	DRJ201005	
	Expired	920	DRJ20917	R20000231
	Pending	903	DRJ20797	

4. Click on the **Support Information** tab to view the latest status of the LPCO application.

Date and time wise status updates of the application can be seen.

For Mobile Application

1. Download the Webb Tracker app from Google Play Store or Apple App Store.

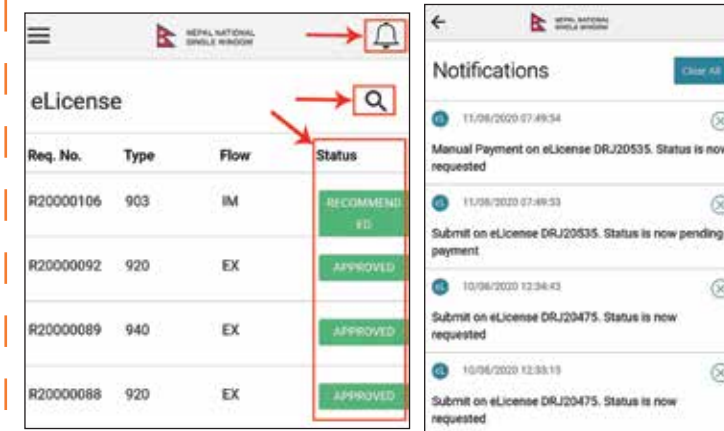

Select Nepal as the country and login to the app with the same username and password used in the web application.

2. You can see the latest status of your LPCO application on the home screen.

You can tap on the bell icon to see notifications for status updates.

You can search for LPCO applications by tapping on the search icon and see the latest status.
